

# BTEC Sport

**BTEC Sport** will provide you with the opportunity to develop a range of skills, techniques and personal attributes that are essential for successful performance in sports-related industries. The course will enable you to develop the 'hard skills' of fitness testing, training methodology, coaching, health and safety and the 'soft skills' of leadership and cooperation.

Choose BTEC Sport as an option and you will have the opportunity to support lower school lessons and to organise activities for the Interhouse Programme. You will also be able to develop your practical and leadership skills which will enable you to present written tasks and presentations and lead others as a coach.

At Alun School,  
our experienced teaching team provide expert guidance and tuition.

## Progression Routes

The transferable skills and knowledge you will gain through the study of BTEC Sport at Alun School will be invaluable in enabling you to access a wide range of courses at university.

BTEC Sport will give you an excellent grounding for multiple career opportunities including:

Every year, this subject inspires many students to progress on to well-respected institutions to study a range of courses including Sports Science, Physiotherapy, Sports Development, Sports Coaching, Sports Therapy, Biomechanics, Psychology and Medicine.

“ A level P.E. is a broad church that encompasses many facets of life, for example, an appreciation of religion and history in sport and its affect on society in general. It opened my eyes to the variety of approaches to study. It was a great help in my degree and foundation for my Master’s course.”

- former student

“ My P.E. staff were the catalyst for my interest in Sports Science and Physiotherapy. I have maintained my interest and have since qualified as a doctor with a specific interest in sports injuries.”

- former student
