

Why Choose Health and Social Care WJEC Level 3 Diploma?

The WJEC Level 3 Diploma in Health and Social Care

employs an investigative and practical approach to the study of the subject. You will focus on the needs of individuals and the techniques and professional services aimed at meeting those needs. You will also address the factors affecting and issues involved in the delivery of these services. Areas of study include rights, responsibilities and values, communication in care settings, health and well-being, service provision and practitioner roles.

Choose the WJEC Level 3 Diploma as an option and you will have the opportunity to develop key skills in areas such as communication, problem-solving and working with others. You will be able to participate in work experience, visit local settings and experience talks by guest speakers.

At Alun School,
our experienced teaching team provide
expert guidance and tuition.

Health and Social Care Level 3 Diploma
